The Cabin, the Swatara, a Canoe and You

70th Anniversary of the Bordner Cabin

It's that time of year when we start planning for another successful sojourn, and the four best words that we can hear are, "How can I help?" For newcomers, a sojourn is an overnight canoe and camping experience where we both educate our citizens on the value of our shared resource we loving call the Swattie and leave the waterway better than we found it. After all, the Swattie is a source of drinking water for our community. Without the generosity and support of our business community, the Swatara Watershed Association could not afford to complete the sojourn and litter cleanup. Your services are truly appreciated!

If you are willing to help sponsor the 2009 **Swatara Sojourn** on **May 2 & 3, 2009**, please let us know how you can help. We will start at Route 645 south of Pine Grove, Schuylkill County, paddle through Swatara State Park, and end the second day at Union Canal Canoe Rentals, East Hanover Township, Lebanon County. As a sponsor, your name will appear on correspondence associated with the Swatara Sojourn—registrations, news releases…, on the SWA web site, on a banner during the sojourn…. No matter the size of your company, we welcome all levels of assistance. To be included on all print materials, respond by February 28, 2009. Suggestions for sponsorship follow:
